PROFILE

I am a Front-End Web Developer with 6+ years of experience on an agency-level. Passionate about the newest web technologies and eager to learn.

PROFESSIONAL EXPERIENCE

Front-End Web Developer

December 2018 - August 2024

VitalStorm

- Transformed web designs into dynamic, fully operational WordPress websites, utilizing a stack that includes PHP, SCSS, Twig, Timber, and custom fields.
- Developed impactful landing pages in PHP specifically tailored for Google Ads campaigns.
- Crafted custom WordPress themes to meet unique design and functionality requirements.
- Created a brand new Automated Landing Page framework for Google Ads, employing GatsbyJs and Sanity.io with GraphQL for enhanced performance and user engagement.

Internship UX Designer/Web Developer

October 2018 - December 2018

Deyo Group - ClassReach

- Collaborated on the overhaul of the ClassReach web application, executing the redesign with a focus on HTML and CSS implementation.

Web Developer | Project Manager

November 2016 - March 2018

Flux Webdesign

- Developed custom WordPress websites meticulously crafted to meet the unique requirements of clients. Integrated custom features such as blog pages, sliders, custom fields, and galleries for a tailored online presence.
 - Noteworthy projects include Euroports, Matthijs & Co, Eden Design, For Good, and more.
-
